

NEW ARRIVALS

Tweezer Tool

#88053

The TweezerTool+ is the multi-tool built for convenience and utility in a portable, pocket-sized package. Keep it in your pocket to help to remove O-rings in seats, stems, valves and more. Helps with the exact positioning of small components or precision work in confined spaces. The design is lightweight, yet it packs 7 practical and versatile tools that fold neatly into its slim profile. The Titanium Nitride (TiN) coating and black oxide finish provide improved abrasion-resistance, corrosion-resistance, and durability over uncoated tools so it will look great and as it continues to perform day in and day out.

- 3Cr13 Grade Steel
- Keychain-Friendly Design

Polycarbonate Plastic Blades (PK/20)

#88052

Best for use on labels, decals, stickers, window cleaning, or general scraping where a metal blade isn't practical. Remove stickers from chrome without damaging the finish, adhesive from bathroom signs and dorm room walls with ease, and so much more. These SafeScrape Razor Blades are made with a hard and tough specialty Blue Polycarbonate. Blades are double-edged for twice the life span and are compatible with our scraper tool..

- 20 double-edged blades in a blister pack - sold as 4 pack

Scraper Tool
#99877

BEST FEATURED ITEMS

Ona Puller

#11304

The premier Moen valve cartridge extractor. Unlike the standard t-handle extractor, there is no physical force needed to extract the cartridges. Using a simple threaded rod, sleeve, and crank system, you can remove Moen 1200, 1225, and Posi-Temp cartridges with ease. If the common issue occurs where only the core of the cartridge comes out on the first try, this tool can be converted and the crank itself can turn into the expander tube to remove the brass sleeve from the valve body. pg. 18-12

- Hardened and coated with black oxide
- Clam shell packaging for easy storage
- Clear detailed directions in packaging
- Made in the USA

Slip Joint Assortment

#23255

This kit is the ultimate washer assortment. Contains 234 pieces in a variety of materials and sizes to ensure that you have the right fit for the job. pg. 1-26

Prong Strainer

#89030 1-5/8"

#89031 1-7/8"

These strainers provide a polished finish to drain opening in a snap! The built in prongs snap right into place, no screws required.

pg. 12-23

Pipe Repair

With colder weather approaching, now is a great time to stock up on pipe repair products. Be prepared with pipe clamps and couplings. See section 11 of the Best Catalog.

We also carry tape, patches, and epoxy for quick fixes in section 19.

Touch Clean 2.5 GPM Shower Heads

Delta soft rubber Touch-Clean spray holes allow any mineral residue to simply be wiped away for an instantly refreshed look with no need for soaking or the aid of chemical cleaners. Ideal for everyday use, especially in hospitals and nursing homes. pg. 8-21

- 2.5 GPM Flow Rate
- Low gloss, pristine white finish
- ADA Compliant
- Hose not included

#68234

Multi Function
w/Shut Off
#67101

Big John Toilet Supports

#99036039 Short (5 – 7.5")

#99151995 Tall (7.5 – 14")

The Big John Toilet Support features a simple installation by mounting underneath the toilet bowl, working in conjunction with the existing wall carrier. This redistributes the weight, allowing the weight capacity to increase from 350 lbs. to over 1,000 lbs. The Big John Toilet Support is a discreet and clean way to provide additional vertical support and add weight capacity to almost all wall-mounted toilets. pg. 6-14

Perfect for: hospitals, nursing homes, government facilities, stadiums, airports, theaters, office buildings, etc.
